

LAUNDRY PRO 2.0[®]

A BEYOND BY AERUS TECHNOLOGY

with optional
ActiveClean Port

Household Cleaning Revolutionized!

Laundry Pro 2.0 infuses forward thinking technology with the power of nature to bring you cleaner, fluffier laundry without the use of cleansers, bleach, or hot water. As a result, laundry comes out of the wash cleaner, fresher and detergent-free. Since the Laundry Pro 2.0 has been specially designed to convert common, ordinary tap water into water with hydrogen & oxygen-based oxidizers that is powerfully effective for cleaning, this activated water can clean much more than just your laundry!

When the Laundry Pro 2.0 is used in conjunction with the optional ActiveClean Port adapter, you can easily access the same water with oxygen based oxidizers to use in other household cleaning applications. Simply divert the water via the adapter into a bucket or spray bottle! Cleaning this way can save you hundreds of dollars a year on cleaning supplies and electricity as it only uses cold water. This also protects your family and laundry from exposure to the harsh chemicals and synthetic fragrances found in many detergents, which ultimately leave residues that build up over time, masking odors and literally weighing your laundry down.

Another added benefit is the Laundry Pro 2.0 water will clean the inside of your washing machine where detergents and mildew tend to collect, grow mold, and mix in your wash loads! Most people do not realize what could be hiding inside their washing machines causing skin irritations and foul odors. Your laundry will become noticeably cleaner, fresher, and fluffier, just by no longer using detergents.

Laundry Pro 2.0 is designed, engineered, and made in the USA for reliability and durability

Think of it this way: wherever you would use an ordinary cleaning product, Laundry Pro 2.0 water can be used instead, without the cost or chemical irritants.

You can clean:

- laundry
- countertops
- refrigerator interiors
- sink basins
- tile
- shower doors
- stovetops
- shower curtain liners
- floors
- car interiors
- playrooms
- windows
- door handles
- toys
- jewelry
- grout

...all without chemicals and harsh detergents that can leave behind a film, residue or unpleasant odor.

LAUNDRY PRO 2.0

A BEYOND BY AERUS TECHNOLOGY

with optional ActiveClean Port

The ActiveClean Port is a powerful accessory for anyone looking to save money while taking steps to protect the environment. Using it will allow you to reduce the number of bottles normally associated with cleaning: window cleaner, floor cleaner, bleaching agents, dish soap, stain removers and more. The cleaning power of water with hydrogen & oxygen based oxidizers produced by the Laundry Pro 2.0 is effective at room or cold temperatures. Hot water and soaps are no longer needed.

Using The ActiveClean Port Is Easy!

1. After you've attached the port, allow Laundry Pro 2.0 to operate for at least 10 seconds before collecting the Laundry Pro 2.0 water for use.
2. The hydrogen & oxygen based oxidizers in the Laundry Pro 2.0 water is at its most effective when used within 20-30 minutes of being dispensed.

When you use the ActiveClean Port, you can add to the money you're already saving with the Laundry Pro 2.0. Families spend hundreds a year on cleaning products. The Laundry Pro 2.0 with ActiveClean Port can pay for itself in a year's time with the amount you'll save not buying products at the store! Laundry Pro 2.0 is better for your family, better for the environment... and it helps you save money!

Laundry Pro 2.0 SPECIFICATIONS

Technology	ActivePure® Technology
Power Usage	0.4W AC (standby) 1.3W AC (operating)
Power Adapter Input	AC in: 100-240V ~50/60 Hz 0.45A
Power Adapter Output	DC out: 12V 2.5A
Water Pressure	min. 20 psi to 60 psi max./1.37~4.13 bar
Water Temperature	use cold water only
Operating Temperature	50°F to 100°F (10°C - 37.8°C)
Operating Humidity	40% to 85%
Size	17.3" wide x 5.19" tall x 3.69" deep (43.94 cm x 13.48 cm x 9.37 cm)
Weight	4.3 lbs / 1.95 kg

*Note: Laundry Pro 2.0 reduces or eliminates the need for laundry detergent. While many users find that Laundry Pro 2.0 alone effectively cleans their laundry, you may find it necessary to pre-treat or use a reduced amount of detergent to remove certain stains. If you find that detergent is necessary, we recommend using 1/8th the amount you previously used before your Laundry Pro 2.0 purchase.

ActivePure® Technology

A Clean Like You've Never Known Before

ActivePure® was created in the USA by Beyond by Aerus, a leading technology company with over 90 years of history and innovative products that have been recognized by the Smithsonian and trusted by millions of families.

ActivePure® Technology is based on a variation of the technology originally developed for use in the International Space Station and is recognized as the exclusive Certified Space Technology by the Space Foundation in its category.

ActivePure® is the only air cleaning technology awarded the prestigious Certified Space Technology seal of approval by the Space Foundation.
